

The Humble Gold of Daylight

Don Gnecco

Our world seems kind of crazy, it's spinning fast through time.
We long for a connection; our hearts open wide.
A smile can warm a heart almost anywhere you go.
Love is what makes it so.

A hand that welcomes strangers, a heart with kindness soars.
A home where love grows stronger will make us want more.
A smile can lift the darkness on a cold and stormy night.
Love is what makes it right.

Chorus:

*The Humble Gold of Daylight warms my heart.
I step out of the darkness, I see a new day start.
The Humble Gold of Daylight shines so bright.
The Humble Gold of Daylight shining through the end of night.*

Modulation

A world of faceless strangers would feel so dark and gray.
If not for loving kindness, we'd never find our way.
A smile can warm a heart almost anywhere you go.
Love is what makes it so.

Chorus:

*The Humble Gold of Daylight warms my heart.
I step out of the darkness, I see a new day start.
The Humble Gold of Daylight shines so bright.
The Humble Gold of Daylight shining through the end of night.
The Humble Gold of Daylight shining through the end of night.
The Humble Gold of Daylight shining through the end of night.*
