

For Many Blessings We Are Thankful

Don Gnecco

For many blessings we are thankful, hear our song arise.
For all the beauty that surrounds us, earth and sea and skies.

We lift our hearts in a silent prayer,
Affirming our gratitude for beauty everywhere.

For all our loved ones we are thankful, whether near or far.
For family and all our friends, no matter where they are.

We lift our hearts in a silent prayer,
Affirming our gratitude for wonder everywhere.

*We raise our voices together in song.
For many blessings we're thankful for all.*

(Modulation)

*We raise our voices together in song.
For many blessings we're thankful for all.
For many blessings we're thankful for all.*
